SUBJECT: TAX REVIEW ON PUBLIC SERVANTS.

- i) Current 25% tax on public servants salary every fortnight be reduced to 5% or less.
- ii) There should be no form of tax imposed on retired and retrenched public servants in their final entitlements.
- iii) The Nanbawan Super Ltd should not imposed any form of tax for members when they withdraw their savings. Most of them are retired or retrenched public servants who are taxed three (3) different times.

This has been unfair situation for all our public servants and needs clear attention during this review period.

Respectfully Submitted.

Clement Korken (Mr.)
Public Servant
